When we will send your student home:

- Temperature greater than 100.0F
- Excessive vomiting
- Evidence of a contagious disease

What we can do for your student:

- Simple First Aid Treatment
- Emergency Treatment
- Check Temperature
- Give medicine with Doctor’s Order
- Exclude your student from school if shots are NOT up to date
- Help you find health resources in the community
- Provide education about health related issues

Screenings held throughout the year:

- Vision and Hearing for any student new to Texas Schools
- Vision and Hearing for 7th graders
- Scoliosis Screening for 8th graders

- ATTENTION PARENTS OF 6TH GRADE STUDENTS

Please check your child’s immunizations with your physician before 7th grade.

The additional Texas Immunization requirements for all incoming 7th Graders are:

- Tetanus- 1 dose within the last 5 years
- Chicken Pox Immunization - 2 doses or a documented history of chickenpox.
- Meningitis Vaccine- 1 dose
